

Patriotism

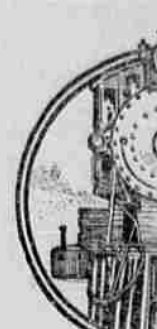

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can be defined as the love of one's country, but it is not a mere sentiment. It is a feeling that is born of the knowledge that the health and happiness of the individual are inseparable from the health and happiness of the nation. A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.
It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address: World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

Free Dyspepsia Sample

Sufferers from indigestion are waking up to the fact that indigestion is a disease, and that it is not a mere inconvenience. It is a disease that can be cured, and that it is not a disease that is incurable. The cure is simple, and it is free.

There is something more to the cure of indigestion than a remedy. It is a cure that is based on the knowledge that the health and happiness of the individual are inseparable from the health and happiness of the nation. A sound stomach makes for good citizenship as well as for health and happiness.

DISTRICT COURT.

He also stated further, that he appreciated the hearty co-operation of the officers of the court and the members of the bar have rendered, which had enabled him to keep up with the docket this term.

BRAKEMAN BADLY HURT.

Car Jumped the Track and Crushed Him Against a Platform.

J. W. Lindsey, a Katy switchman, was injured yesterday at 12:45. He was between the switch and the platform at the Popper Grocer Co. when a car jumped the track and crushed him against the platform. It was thought at first that he had sustained a broken limb but he was hurried to a local infirmary and the examination showed that the muscles of the left limb were badly bruised but not broken. Lindsey is a son of Capt. Lindsey, of Commerce, and a cousin of George Lindsey of this city.

JIMMIE ROBERTS.

Black Face at the Lyric Today and Tomorrow.

Jimmie Roberts, who styles himself the "King of Harmonica," rightly deserves the title. Mr. Roberts does a neat refined black face act consisting of singing and talking and introduces in his act his wonder command of the old fashioned mouth harp or harmonica. His imitations of a railway train is the best piece of work ever done on the Lyric stage, and in his rendition of popular selections he brings down the house. Johnson and Mercer in their original rube comedy act have the best act of its kind ever at the Lyric. It is full of good, clean humor and in this act some splendid work on the violin is accomplished by Mr. Johnson. The same bill is on for today and tomorrow.

LYON INDORSES M'GRADY

BONHAM MAN A LIFE LONG REPUBLICAN.

Has Practiced at the Fannin County Bar For Twenty Years and Never Held Office.

Sherman, Tex., Feb. 17.—Col. Cecil A. Lyon of Sherman, chairman of the Executive Committee of the Republican party of Texas, has authorized the statement that he would recommend the appointment of Hon. John G. McGrady of Bonham to succeed the late Judge David E. Bryant as Judge of the United States Circuit and District Court of the Eastern District of Texas.

The dispatches from Washington yesterday indicated that President Taft had positively stated that he would not go out of the Eastern District of Texas to select a successor to Judge Bryant and notwithstanding the fact that quite a number of very prominent Republicans had been mentioned for the place whose residence included all of the other districts, this news from Washington was very gratifying here, for there is a certain amount of local pride felt that the selection should be made from among "home folks," all other things being equal.

Mr. McGrady is a native of Fannin County. He is about forty years of age and was born on a farm near Red River, in the northern part of the county. His father, F. J. McGrady, is a life long Republican and one of the largest land owners in Fannin County. The son has had every educational advantage, and is a man of fine ability and splendid habits. He has a wife and two children. He has been practicing law for about twenty years at the Fannin County bar. Imbuing his politics from his father, he has always taken them straight, and is likewise a life long Republican. Financially, he has made a success of life, and is a man of considerable means.

BEER IS CHEAPER ABROAD.

American Meats Sold in London Lower Than in New York.

New York, Feb. 17.—Paraffin coated eggs from Europe, nearly a million of which were imported this week, were placed on sale today by hundreds of New York retailers at 3 to 8 cents a dozen less than the price of American cold storage eggs.

At the same time there came the announcement from market men that American beef exported by way of New York to London is selling there 3 to 5 cents a pound less than here. Wholesale beef prices, according to this statement, were as follows:

London, American frozen beef per pound 8½¢.

New York, American frozen beef, per pound 11½¢@11¢.

WORTHAM DEAL CALLED OFF.

He Objected to Anti-Trust Feature of Contract Offered.

Austin, Tex., Feb. 17.—The plan to lease the Rusk Iron plant to John L. Wortham of Dallas is off for good. Despite his refusal last yesterday to sign the contract it was believed matters would be patched up, but Mr. Wortham, Governor Campbell and the Penitentiary Board now admit that negotiations have been called off permanently.

Mr. Wortham has gone to San Antonio. The board members say they asked Wortham to sign a statement that the company would not be connected with any other ore or steel company in the country and when he refused the deal stopped short.

A Badge of Honesty

Is printed on the outer wrapper of every bottle of

Dr. Pierce's Favorite Prescription

and it is the only medicine for woman's peculiar ailments, sold by druggists, the makers of which feel fully warranted in thus taking the afflicted into their full confidence

The more known about the composition of Dr. Pierce's Favorite Prescription the more confidently will invalid women rely upon it to cure their peculiar weaknesses and derangements. There's no secrecy about its make-up—no deceptive inducements held out to the afflicted. It's simply a good, honest, square deal medicine with no alcohol, or injurious, habit-forming drugs in its composition. Made wholly from roots. It can do no harm in any condition of woman's organism.

Devised and put up by a physician of vast experience in the treatment of woman's maladies. Its ingredients have the indorsement of leading physicians in all schools of practice.

The "Favorite Prescription" is known everywhere as the standard remedy for diseases of women and has been so regarded for the past 40 years and more. Accept no secret nostrum in place of "Favorite Prescription"—a medicine OF KNOWN COMPOSITION, with a record of 40 years of cures behind it.

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Favorite Prescription." The dishonest dealer sometimes insists that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Favorite Prescription.

THE MARTHA JUNIORS.

Met After a Vacation and Planned Work for the Year.

After a vacation since the latter part of November, the Martha Juniors met yesterday afternoon with Mrs. Dile Langford.

The president, Mrs. Roberts White, reported on her resignation of the office but no successor has yet been elected.

The club discussed the work for the coming year, and will try to raise \$100 toward the endowment of a Methodist dormitory for the State Normal at Denton. Mrs. B. J. Williams will organize thirty clubs which at \$100 for each club will raise the \$3000 necessary for the dormitory. This fund will also keep a pupil in the normal all the time. The Martha Juniors are quite enthusiastic for the work and although they are a small club they expect to raise this amount. The club will study the John 13th year and have a daily Bible reading from the Old Testament.

The hostess served Russian tea and wafers.

FIVE HUNDRED CLUB.

Was Delightfully Entertained by Mrs. F. J. Phillips Yesterday.

The Five Hundred club was delightfully entertained yesterday afternoon by Mrs. F. J. Phillips at her home on Smith Street.

Refreshments were served of creamed oysters in paté cases, hot wall riding rolls, French peas au beurre, hot, white cherry salad served in lemon halves, coffee, cream a la Moline, and white fruit cake. In spite of the weather there was a good attendance of the members.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube, hearing will be destroyed for ever, unless cases of deafness are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh of the Eustachian tube, if you can get your name in the book, "Hear Again," sent for free by Dr. J. C. Cheney & Co., Toledo, O.
